HIGHLIGHTS OF THIS PAST YEAR

• Throughout this most unusual season, many have remarked on the quality of featured speakers, the number of participants and the Council’s ability to adjust to events like COVID-19. Members, sponsors and students were ebullient about the experiences created, allowing a safe return to intellectual engagement.

• Strategically and creatively the Council navigated these most challenging times. The Council is now well positioned to continue attracting outstanding speakers, increasing global awareness locally and elevating the Northeast Florida community both nationally and globally.

HIGHLIGHTS OF THIS PAST YEAR

Global Issues Evenings

- Necessitated by the COVID-19 pandemic, the 2020-2021 season included a pivot to digital content in the fall and winter and then two “hybrid” gatherings in the spring. The in-person gatherings allowed for a smaller, intimate group at the at the University of North Florida, while the larger digital facilitated greater reach throughout the First Coast community.
- Through the creative leveraging of digital partnerships, opportunities were provided for dialogue with experts of national and international stature; exploring global happenings in new, creative ways.

Education

- With the addition of Jean Ribault High School, eighteen high schools participated in Great Decisions, a year-long student enrichment program on foreign affairs that fosters critical-thinking and decision-making skills.
- The digital International Crisis Management Exercise focused on U.S. trade promotion and global health priorities with Guatemala. The students were challenged to develop foreign policy recommendations while navigating “real time” curveballs.
- The first digital Admiral Jonathan T. Howe Academic WorldQuest attracted 32 teams from 18 high schools across 5 counties for a global trivia competition with Eastside High School team “Paleolithcial” winning first place.
